14th International Show of Construction Equipment and Technologies

MOSCOW RUSSIA
International Exhibition Center Crocus Expo

04 - 08 JUNE 2013

www.ctt-moscow.com
Since it was established in the year 2000, CTT has met its objective of developing into the region’s leading exhibition for construction equipment and technology. Decision-makers, buyers and industry insiders meet at CTT. The trade fair addresses the entire industry including manufacturers, service providers and distributors in the sector for construction machinery and building material machinery. Since 2010, CTT has also enjoyed the support of the Committee for European Construction Equipment (CECE). The CECE contributes to the fair’s international presence with a variety of marketing and sales-support measures. To date, CTT is the only trade fair that is promoted and supported by the CECE in Russia and CIS. CTT gives you a strong platform for presenting and getting to know the industry’s latest innovations and products, contacting important decision-makers and securing your share of leading markets around the world.

Visitor target groups at a glance:
- Construction & building companies
- Road & bridge construction companies
- Building materials industry
- Construction machinery manufacturers
- Construction machinery trade & service providers
- Consulting engineers
- Design institutes
- Ministries, associations, universities
Each year, CTT attracts large numbers of exhibitors and visitors alike. Exhibitors present the industry’s latest developments and technologies to visitors from Russia and CIS member states. In 2012, a total of 911 exhibitors (including 421 international companies) presented the latest trends on a total exhibition space of 124,000 m². The show attracted more than 32,000 visitors.

Crocus Expo is located within the Crocus City Trade & Exhibition Center and is one of the largest and most modern exhibition grounds in Russia. Today Crocus City offers various facilities such as a three-star hotel, one of the largest one-stop shopping centres in Russia, the exclusive Crocus City Mall, bars and restaurants.

**Crocus Expo International Exhibition Center** was designed and constructed using modern building materials in accordance with the highest international architectural standards. Its core business is the holding of large international exhibitions of different profiles participated in by Russian and foreign companies. There are 15 exhibition halls at the centre, equipped according to the latest international standards, 49 conference rooms with all the necessary facilities for holding exhibition and congress events, presentations and seminars and meeting rooms of VIP class.

Crocus Exhibition Center also offers a perfect outdoor area which can be used as exhibition space for heavy-duty machinery, commercial and industrial vehicles and building shows.

**Excellent transport connections**

Crocus Expo can be reached via the nearby underground station MYAKININO. Visitors of CTT will benefit from this additional alternative for their journey to the fairground.
